STUDENTS' TESTIMONIAL

Reflecting on my own journey within the quiz club, I have witnessed first-hand the transformative power of quizzing. It has not only enriched my understanding but also instilled in me a sense of curiosity and perseverance. This club has helped me forge lifelong friendships, sharpen my leadership skills, and discover facets of myself that I never knew existed.

I was a very hesitant person to read the newspaper; it made me feel bored and tired to look at those dull black and white papers. Joining the quiz club helped me to gain knowledge about different things going on in the world. Participating in the quizzes developed a competitive spirit in me, which made it a very fun experience to learn and explore different things. It was a very wholesome experience, and I would definitely join this club again. I also think that it will be a wonderful experience for my juniors as well. I also want to express my gratitude to Simi miss, Vrinda Miss, Jiffy Miss, Reshma Miss and Sudhamani Miss for their support.

I was a student who was not interested in quiz activities but once I joined the quiz club and was charged as one among the representative of quiz club, I felt a great change in myself. It really helped me to be aware of the things that happens in the world through the daily quiz questions and from the facts put up on the quiz wall. Beyond increasing my general knowledge,it also helped me to improve my self confidence by actively coordinating and participating in quiz competitions conducted in the school. I am really happy to be a member of quiz club.
